- Maintenance Program for the planted seedlings is one of the important aspects of the Adopt-A-Forest Program. Maintenance activity ensures high survival rate of planted seedlings.
- The maintenance activity is being implemented every two (2) months from planting for the year one, every quarter for the year two and every semester for the year three. Maintenance may be extended into 4 to 5 years depending on the status of the planted trees.
- Maintenance Pass or Pass refers to the frequency of the planted seedlings being maintained through brushing, round weeding, re-staking and replanting. Adopt-A-Forest maintenance program has a total of 12 passes from year 1 to year 3 of the project. However, it can reach up to 14 to 16 passes for the 4<sup>th</sup> and 5<sup>th</sup> year depending on the evaluation or status of the planted trees on its 3<sup>rd</sup> year maintenance.
- BCWD employed three (3) registered foresters and seven (7) indigenous people/watershed settlers to do the validation and monitoring of the maintenance work conducted by the beneficiaries and other watershed related activities.

### Maintenance of the four (4) hectares planted in November – December 2019

The 1<sup>st</sup> maintenance of the Adopt-A-Forest Program planted in November – December 2019 in partnership with Agusan del Norte Electric Cooperative (ANECO), PICE Agusan del Norte Chapter, JUCHEM Enterprises & BCWD Funded Project were completely validated on February 11, 2020, with a survival rate of 98.4%. It covered approximately four (4) hectares of an area within Taguibo River Watershed Forest Reserve (TRWFR), and planted with 2,400 seedlings of various grafted fruits and forest trees such as Rambutan, Lanzones, Narra and Tugas or equivalent to 600 seedlings per hectare.

The Uptown Butuan Rotary Club and G.U.G Enterprise O.P.C are the new donors of our Adopt-A-Forest Program for the 1<sup>st</sup> quarter of 2020. On March 07, 2020 a short briefing was facilitated by BCWD's watershed staff and GM Sang Tian to the donors before going to the Taguibo Watershed for the MOA signing and ceremonial tree planting. The MOA signing was held at Sitio Mahayahay, while the ceremonial tree planting was done at Sitio Tagkiling, Both Sitos are with in Brgy. Anticala, Butuan City portion of the Taguibo River Watershed Forest Reserve.

A short briefing was held at BCWD's Board Room on March 7, 2020.

Signing of the Memorandum of Agreement (MOA) was held at Sitio Mahayahay, Brgy. Anticala, Butuan City.

Ceremonial Tree Planting at Sitio Tagkiling, Anticala, Butuan City.

### Conclusion:

Our Adopt-A-Forest Program is now at 51 hectares with 33 generous donors. The 1<sup>st</sup> quarter of 2020 Adopt-A-Forest Program maintenance report shows that the average survival rate of planted seedlings is above 85%, which is the minimum survival rate set by BCWD for the said program.

## NATIONAL GREENING PROGRAM 2014-2017

On June 23, 2014, a Memorandum of Agreement (MOA) was entered into by and between the DENR Regional Office (Caraga Region), BCWD as the Second Party, Father Saturnino Urios University Foundation Incorporated (FSUUF) as the Third Party and District Constituency Office (DCO) first district of Agusan del Norte as the Fourth Party for the implementation of **“One Hundred Thirty”** (130) hectares National Greening Program in the Taguibo River Watershed Forest Reserve (TRWFR).

A sum of Two Million Four Hundred Ninety-Five Thousand Pesos (₱2,495,000.00) project cost for three (3) years shouldered by the DENR. BCWD also provided counterpart amounting to Four Million Eight Hundred Twenty Six Thousand and Two Hundred Fifty Pesos Only (₱4,826,250.00). Likewise, FSUUF committed to provide financial support in the amount of Two Hundred Ninety-nine Thousand Pesos Only (₱299,000.00) for the intercropping of Abaca within the 130 hectares target.
