

# Donor Update

Dear Donor:

There are no new donors for the Butuan City Water District (BCWD) Adopt-A-Forest Program for the 2<sup>nd</sup> quarter of 2020. However, we implemented the site preparation and planting of the two hectares donated by **Uptown Butuan Rotary Club** (1 hectare) and **G.U.G. Enterprise O.P.C.** (1hectare) last 1<sup>st</sup> quarter of 2020. As of the 2<sup>nd</sup> quarter of 2020, we have a total of 51 hectares Adopt-A-Forest Program implemented and maintained in the Taguibo River Watershed Forest Reserve.

**Table 1.0 The batches of donors according to the date of planting.**

Donors	No. of Hectares	Date Planted
Uptown Butuan Rotary Club	2	June 2020
G.U.G. Enterprise O.P.C.		
ANECO	4	November - December 2019
PICE Agusan del Norte Chapter		
JUCHEM Enterprises		
BCWD Funded		
ANHS Class 85 (2nd Donation)	2	September 2019
Butuan Club of Southern California		
Southern Gate Eagles Club	4	May 2019
Inter-Office Employees and Business Credit Cooperative		
Agusan Valley Masonic Lodge No. 160		
ANHS Class 85		
Butuan Champion Hardware (Mr. and Mrs. Robert R. Ty)	2	December 2018
C'ZARLES Construction and Supply, Butuan City Chamber of Commerce and Industry Foundation Incorporated (BCCCIFI), Butuan City (Host) Lions Club, Rotary Club of Butuan, FSUU-Batch 1993 and Butuan City Water District Employees Association (BEA).	9	May-July 2018
Happy Enterprises, Kimson Commercials & Resources Inc., Rudy Tiu, Ivory Charities Foundation Inc., & Butuan Agusan Farmers Multipurpose Cooperative & Masulbad Irrigators Association	6	October 2017
Couples For Christ (CFC) Global Mission, CFC School of the Morning Star, Mr. Terence Yu / Y Hotel, Dir. Crispin Young & Family, Filipino-Chinese Lourdes Catholic Community and Butuan Doctors Hospital & Colleges Inc.	15	January 2017
Phoenix Philippines Foundation, Inc. and Atty. Jeremiah Asis & Family.	6	March – April 2016
Joint Rotary Clubs of Butuan North and Makati Salcedo	1	December 2013

## Site Preparation and Outplanting of the two (2) hectares in partnership with Rotary Club Uptown Butuan and G.U.G. Enterprise O.P.C.

The Rotary Club Uptown Butuan and G.U.G. Enterprise O.P.C. are the two latest donors of the Adopt-A-Forest Program for CY 2020. Site preparation and out-planting activities of the Adopt-a-Forest Program for CY 2020 in partnership with aforementioned donors were started on June 15, 2020 and completed the site preparation (brushing, stacking & hole digging) and out-planting on June 30, 2020. It covers approximately two (2) hectares of area within Taguibo River Watershed Forest Reserve (TRWFR), planted with 1,200 seedlings of various grafted fruits and forest trees such as Lanzones, Durian, Rambutan, Narra and Tugas.

**Table 3.0.**

## Monitoring and Evaluation of Project Accomplishment Report on Site Preparation and Out-planting

As of June 2020

DONOR	BENEFICIARY	TOTAL AREA	TOTAL NUMBER OF SEEDLINGS PLANTED	Kind	Activities	Remarks
Rotary Club of Uptown Butuan	May S. Derial	1 hectare	600	Molave, Narra, Rambutan, Durian & Lanzones	Strip-brushing/ Hole-digging/ Stacking and Outplanting	100% Completed
G.U.G Enterprise O.P.C.	May S. Derial	1 hectare	600			
	<b>Total</b>	<b>4 hectares</b>	<b>1200</b>

**Conclusion:**

Our Adopt-a-Forest Program is now at 51 hectares with thirty three (33) generous donors. In the 2<sup>nd</sup> quarter of 2020, the Adopt-a-Forest Program maintenance report shows that the average survival rate of planted seedlings is above 85%, which is the minimum survival rate set by BCWD for the said program.

Donors can expect BCWD to build more partnership as well as sustain its Adopt-a-Forest Program even with the ongoing COVID-19 pandemic. BCWD's commitment to rehabilitate the Taguibo River Watershed, the main source of water supply in Butuan City does not stop even amid a health crisis. We assure our partner donors that we will continue to implement the program more particularly in the maintenance aspect to ensure high survival rate and to restore and preserve the environmental integrity of our watershed.

**Name of Beneficiary** : **SIMBAJON, ARNEL**  
**Project Location** : Tagkiling, Anticala, Butuan City  
**Area Planted** : 3 hectares  
**Year Planted** : May 2018  
**Donor** : **BCCCFI**  
**Coordinates** : 9° 1'28"N, 125°41'37"E

Species: Molave/ Tugas  
 Date Planted: April 2016  
 Diameter = 12 cm  
 Height = 15 meters

**RELATED PROGRAM**

**BCWD’s Financial Assistance to Support for the sustainable implementation of Proper Waste Segregation and Disposal, Good Sanitation Practices and Cleanliness Program at Sitio Tagkiling, Anticala, Butuan City portion of Taguibo River Watershed Forest Reserve (TRWFR)**

**BACKGROUND INFORMATION**

On January 18, 2018, BCWD received a letter from the purok president of Sitio Tagkiling, Barangay Anticala, Butuan City requesting financial support to serve as cash prizes or incentives for the monthly competition of best performing clusters within the said sitio in the implementation of proper waste segregation and disposal, good sanitation practices and cleanliness program. There are nine (9) clusters or areas that will be monitored and evaluated every month. Said request was the result of the continuous Information Drive of BCWD implemented in the watershed area in partnership with DENR, EMB & City ENRO. Topics of the information drive include forest protection about the importance of watershed and Solid Waste Management.

Sitio Tagkiling & Dugyaman are the topmost inhabited/built-up areas within Taguibo Watershed. It is where Bobon & Dugyaman creek originates, a major tributary of the Taguibo River. Thus, it is very important that good sanitation and proper waste segregation and disposal will be strictly implemented and monitored in order to minimize and/or eliminate pollutants to drain into the river and creeks.

Said request is in-line with the proper implementation of the purok’s waste disposal system, good sanitation practices and cleanliness program in compliance to the **Ecological Solid Waste Management Act or R.A. 9003 of 2000**.

One of the prevailing issues and concerns in the Taguibo River Watershed Forest Reserve (TRWFR) is the sanitation and garbage disposal problem particularly within the built-up areas or residential areas in the watershed.

**MONITORING AND EVALUATION**

BCWD Watershed personnel will take part in the evaluation and monitoring to check regularly if they have continuously maintained the implementation of the said program. BCWD Watershed Monitoring Staff (Pakyaw) will be utilized to conduct daily on-site evaluation in every cluster.

Table below shows the corresponding prizes/rewards for the participating clusters in monthly basis.

CATEGORIES	AMOUNT (PHP.)
1 <sup>st</sup> Place	1,500.00
2 <sup>nd</sup> Place	1,300.00
3 <sup>rd</sup> Place	1,200.00
4 <sup>th</sup> Place	1,100.00
5 <sup>th</sup> Place	1,000.00
6 <sup>th</sup> Place	900.00
7 <sup>th</sup> Place	800.00
8 <sup>th</sup> Place	700.00
9 <sup>th</sup> Place	600.00
10 <sup>th</sup> Place	500.00
<b>Total Monthly Prizes</b>	<b>9,600.00</b>
<b>Special Award (consistent placer)</b>	
January to June 2020 (1 <sup>st</sup> semester)	5,000.00
July to December 2020 (2 <sup>nd</sup> semester)	5,000.00

**RATIONALIZATION OF THE PROGRAM**

Poor sanitation and improper garbage disposal among the residents within the watershed area is one of the prevailing issues and concerns in the management of TRWFR that needs to be addressed to somehow improve and maintain the water quality of the Taguibo River, the main source of potable water in the City of Butuan. As such, the initiatives and enthusiasm of Purok Officials of Sitio Tagkiling to strictly implement proper waste segregation and disposal and good sanitation practices are essential that needs to be supported in order to maintain and improve the water quality of Taguio River.

The monthly competition with cash incentives that will be given to the performing clusters within Sitios Tagkiling and Dugyaman, Anticala, Butuan City in the implementation of waste segregation and disposal to include cleanliness program will somehow encourage the community and promote the sustainability of the said program, thus support in maintaining and improving the water quality of the Taguibo River.

BCWD assistance to watershed settlers and indigenous peoples (IPs) shows BCWD’s good intention towards their welfare. Hence, boosting the collaborative effort between watershed settlers and BCWD for the conservation and protection of the TRWFR as a whole.

## BARANGAY MATERIAL RECOVERY FACILITY (MRF)

Barangay Anticala, Butuan City was granted by the DENR-EMB a budget amounting to ₱ 530,000.00 for the construction of barangay Material Recovery Facility (MRF). MRF is a facility that temporarily stores the segregated solid and special wastes prior to disposal to a sanitary landfill. Said grant was appropriated to barangay Anticala since it is within the designated Taguibo Watershed Water Quality Management Area (TW-WQMA).

BCWD provided technical assistance to Barangay Anticala particularly on the preparation of technical design, cost estimate and program of works of the MRF as it was one of the requirements for the grant. Said infra project is expected to be operationalized on the 4<sup>th</sup> quarter of 2020.

Sitio Tagkiling, Anticala MRF

Sitio Mahayahay, Anticala MRF

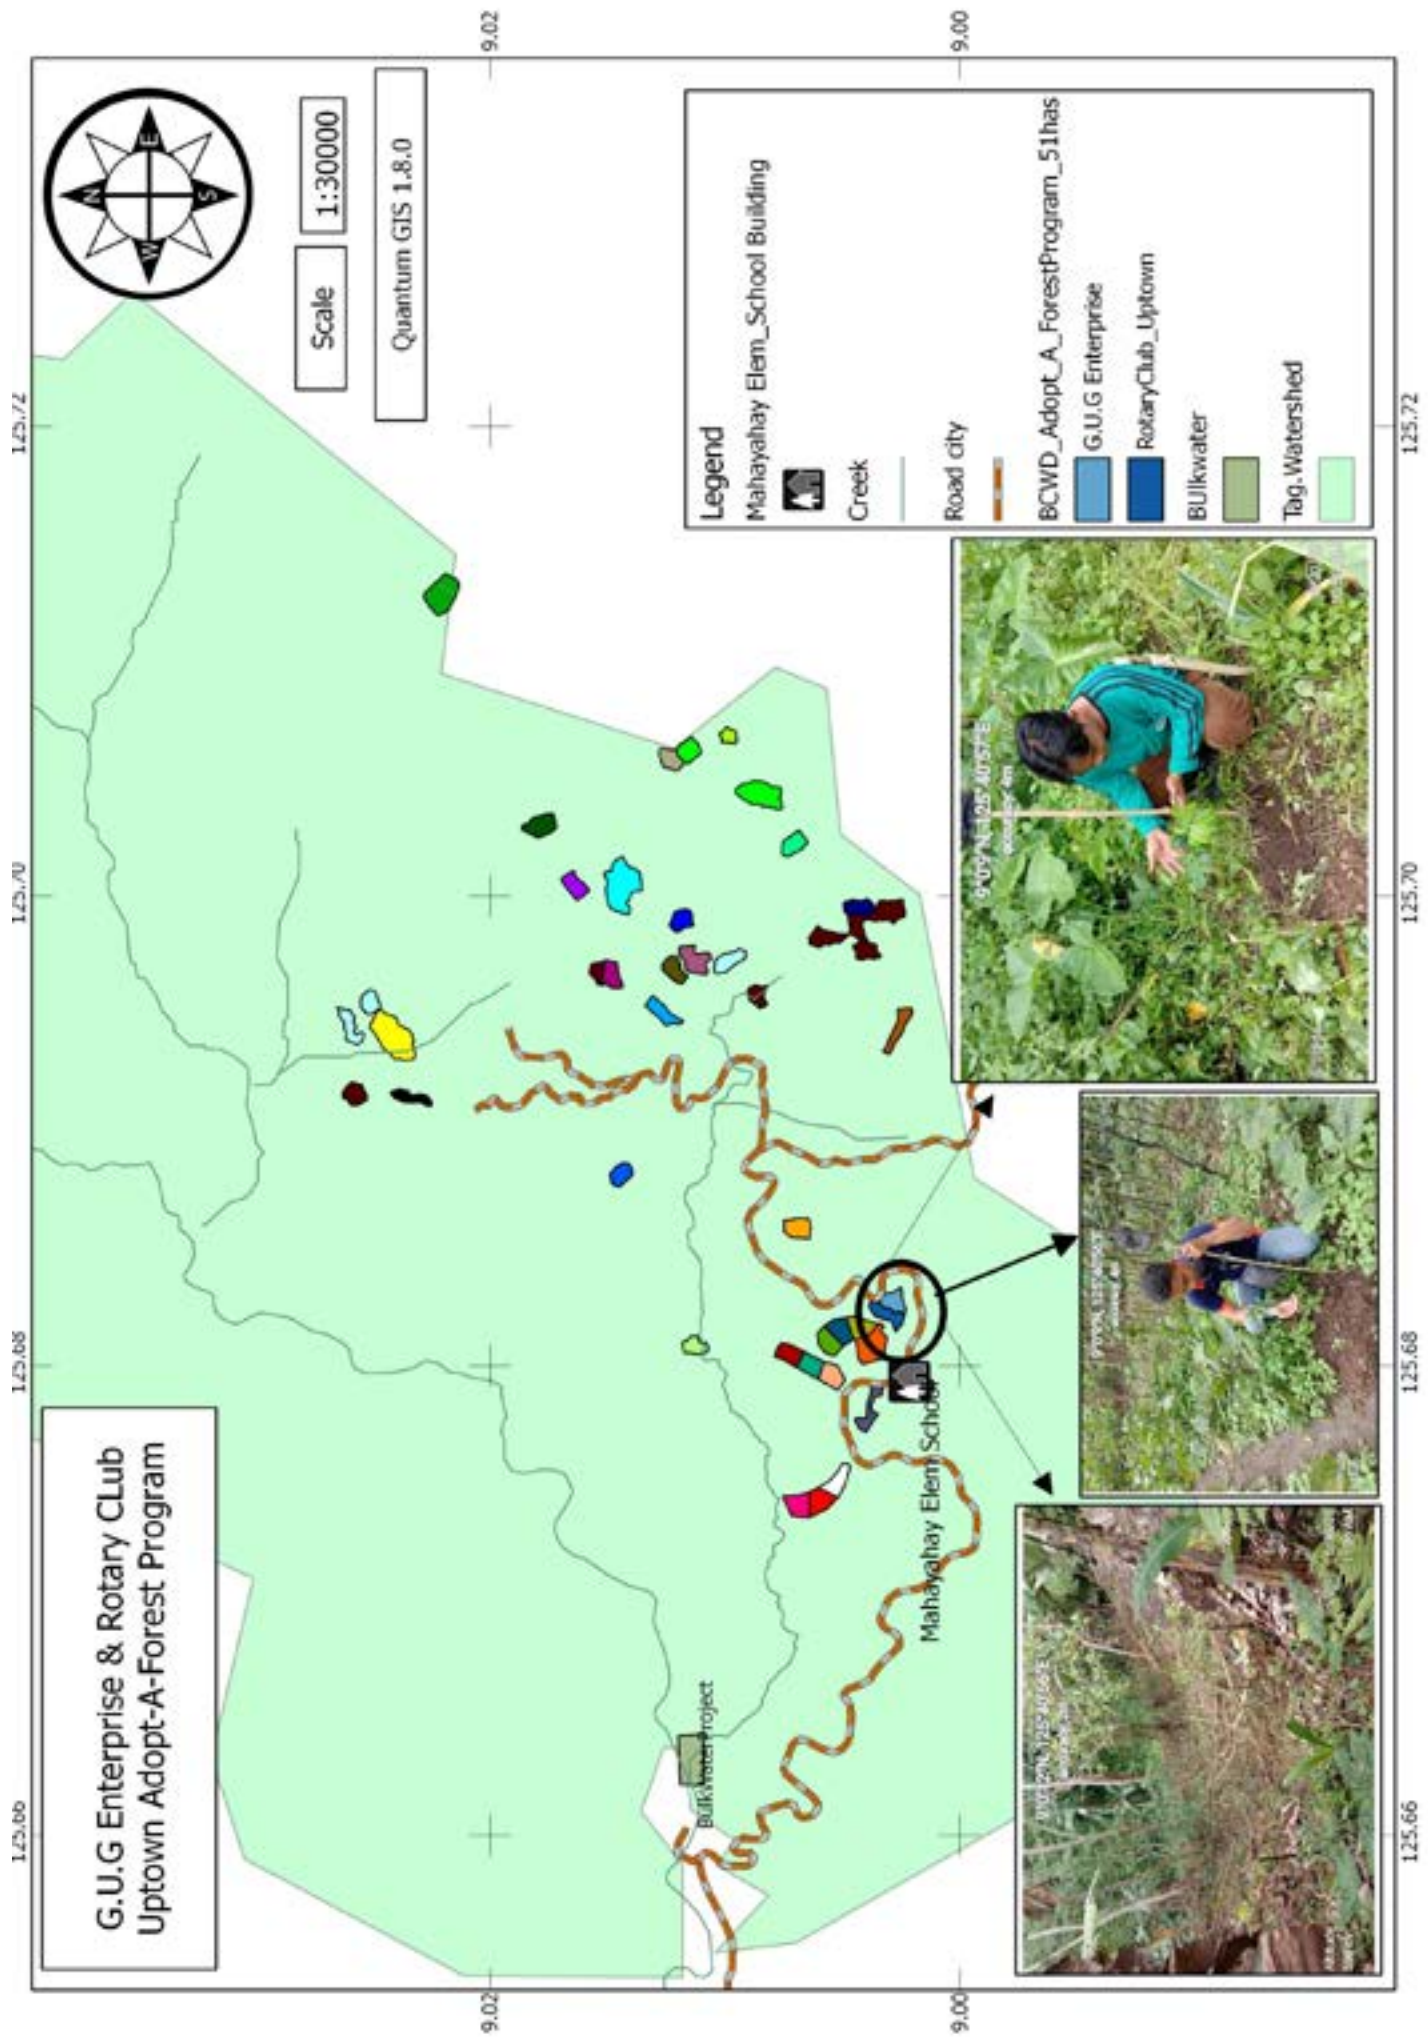

IEC/Information drive at the Taguibo Watershed

## HOLISTIC APPROACH

BCWD employs holistic approach in providing assistance to the solid waste problem of sitios of Barangay Anticala within the Taguibo River Watershed Forest Reserve (TRWFR). First, BCWD conduct Information drive or Information Education Campaign (IEC) every quarter regarding the importance of watershed, proper solid waste management and forest protection to the Taguibo Watershed settlers, this activity is in partnership with DENR, EMB, City ENRO and BLGU. The purpose of the information drive or IEC is to change the mind setting of the watershed settlers and for them to integrate in to their daily lives the proper handling, storage and disposal of their household wastes. Second, to reinforce the information drive or IEC which conducted every quarter, BCWD provides incentives through their monthly competition with cash prizes that will be given to the performing clusters within Sitios Tagkiling and Dugyaman. This monthly completion with cash incentives will increase and sustain their motivation in implementing proper waste management. Third, BCWD install MRF at sitio level to house and store solid and special wastes, these MRF will also be the collection point of the barangay garbage collector.

Lastly, BCWD provided technical assistance for their barangay MRF funded by the Environmental Management Bureau (EMB) and encouraged them to purchase a hauling truck to be used to collect segregated wastes from purok MRF to their barangay MRF since City ENRO will be the one to haul the wastes from barangay MRF to City landfill.

Your symbolic adoption can make a difference...

# Adopt-a-Forest

You're taking action with priorities like restoring forests and conserving the Taguibo River and its tributaries in the Taguibo River Watershed Forest Reserve.

# Adopt-a-Tree Program

**in Taguibo River Watershed Forest Reserve**

**A 3-year tree planting and "parenting" project undertaken by BCWD for those individuals, institution and organizations that would like to conduct tree planting activity and/ or just donate or provide funds for one hectare or more hectares to be reforested in TRWFR.**
